Memo To Mr. Charles J. McDonald
Combe Fill Corp.

Dear Mr. McDonald:

In accordance with our discussion, I am enclosing a listing of the debit memos issued by American National Bank & Trust Co., as follows:

Jay Associates	\$ 6.01
Chester Hills, Inc.	24.67
Morris County Landfill Co.	79.27
" " " "	33.34

All of the above are dated 10-19-78 and represent loan interest through 10-18-78. All should have been charged to Combe Fill Corp.

There is also a debit memo for \$3118.40 charged to Chester Hills, Inc. which, according to Mr. Gary Ruckelhaus of American National, represents the following:

Principal payment chargeable to Combe Fill Corp.	\$ 2000.00
Interest payment chargeable to Combe Fill Corp.	202.32
Interest payment chargeable to Chester Hills, Inc.	916.08

If you would authorize American National to debit your account or if you would issue a check to cover the amounts chargeable to Combe Fill Corp., the bank could then properly complete all transactions regarding the loans. The amount needed to do this is \$2345.61 from you. Please advise as to how you will be handling the adjustment.

Sincerely,

Muriel A. Raymond

DIRECTOR

Landfill Operators

Re: Disposal of Rinsed Pesticide Containers and Empty Pesticide Bags

Dear Sir:

Be advised that permission is hereby granted to your landfill to accept for disposal rinsed and/or emptied pesticide containers from certified pesticide applicators contingent upon the following requirements:

1. Pesticide applicators certified by NJDEP/Office of Pesticide Control may deliver for disposal rinsed or emptied pesticide containers;
2. The applicator must display his pesticide applicator certification card to the landfill operator; and
3. The applicator must complete the Pesticide Container Disposal Form (copy attached) and give the completed form to the landfill operator.

Upon compliance with the above three (3) requirements by the registered pesticide applicator, the landfill operator may accept such containers for disposal. The landfill operator shall retain one copy of the signed form for his records.

The Department is attempting to alleviate the problems many pesticide applicators or farmers face with disposal of relatively innocuous waste and greatly appreciates your cooperation in this matter.

Very truly yours,

A handwritten signature in cursive script, reading "Beatrice S. Tylutki".
